

NanoPitch Coach.

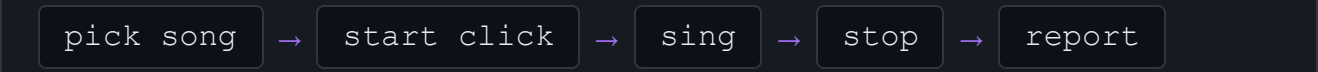

Browser-based singing coach
pick a song → sing to metronome →
per-note quality report

SCREEN REGIONS

- 1 Song + tempo**
Pick a target melody. Set BPM. Click count drives the metronome.
- 2 Live pitch trace**
Mic → NanoPitch WASM → F0 plotted against the target note grid.
- 3 Record + report**
One-click record. Per-note hit/miss + overall score after stop.

USER FLOW

STACK

```
$ static web app · no build, no backend
